

Dear NCCA Families,

We are so happy that our students have not been uprooted from their education like so many students around the country and even around the world. However, we are aware that the pandemic has many other effects such as social, emotional and economic.

If your family has been affected by the pandemic please reach out to us and let us know. Please click here to access our Google Form Check-in. We are in this together and want to ensure the best for our students.

We have included some links to helpful information below.
